

A STEWARDSHIP NOTE FROM GAYLE DIBENEDETTO

Now that October is here, we begin to concentrate on Fall activities. Children go back to school, we put away our summer clothes and we begin to prepare for the winter ahead. As we do this, we need to think about STEWARDSHIP and what it means to each of us and our church. As we get flu shots to insure our good health, we need to think about the health of our church.

Part of that procedure is to have the **FAITH, HOPE and LOVE** to keep our church serving GOD and mankind, as it has for the last 175 years!

Stewardship is our way of responding to all those things God has given us. As God has given us all his great blessings, we need to give back through our support of the church. Let us have **FAITH** that God will tell us how much we should contribute to our church. May God's **LOVE** make us want to help others through the church's ministry. And, pray that our **HOPE** to alleviate suffering and sadness wherever possible will lead us to give generously.
